CONFIDENTIAL WORK PRODUCT

The patients are in the attached document.

In addition, I need info on three doctors.

Charles David Fritch, MD of Bakersfield CA. No date of birth. Probably in his 50-60s

Michael Reynard, MD, 1301 20th St #260, Santa Monica, CA 90404

Barbara C Breger, MD, 435 N Bedford Drive, Suite PH.W., Beverly Hills, CA 90210-4316, 310/274-8725

Fritch is the target of an inquiry into whether or not he should continue to maintain his medical license. The Reynard and Breger are expert witnesses against Fritch. The attached are patients who have filed complaints against the Fritch.

I need anything about Fritch that may be embarrassing.

I need anything about Reynard and Breger that may be embarrassing and indicate they are not reliable expert witnesses.

I need anything about the patients that may indicate fraud or deceit.

I need this ASAP. By early next week at the latest.

Glenn
